ADDITIONAL PROJECT DESCRIPTION

The construction project estimated cost is \$39,500,000.

This design/build project will provide 180,000 gsf of new space on the site east of the existing Liberal Arts Building. Functions in the program include, but are not limited to:

- entry and lobby
- public services such as circulation
- information commons
- teaching/learning center
- writing center
- general collection
- periodicals
- media
- special collections
- technical services
- IT systems

This project will expand the College's library capacity. It will enhance group learning activities, expand data base access, and connect the community with the campus. The project is intended to make a strong statement to the students and community that learning and scholarship are at the heart of the UVSC experience. Site development will be part of the project.

Project Risk Factors

- Understanding the DLC program, UVSC goals, and local conditions for the project
- Familiarity with campus master plan and the existing campus
- Maintaining campus operation during construction on a constricted site with high public/student profile
- Inflationary construction costs
- Providing a high quality design and building

Stage Two. Following the selection of finalists, each Design/Build Team will receive a Stage 2 RFP with requirements, guidelines, and applicable portions of master plan, building program, site and utility surveys, geotechnical report, design standards, and other pertinent information. Each Design/Build Team will submit a preliminary design and cost proposal in conformance with Stage 2 RFP requirements and guidelines. Following the VBS Selection Committee's determination of the Design/Build Team whose proposal provides the greatest value to the State, a stipend of \$30,000 will be awarded to other finalists who met all submittal requirements but were not selected. In return for accepting the stipend, the Proposers agree that the State can incorporate portions or ideas from all of the proposals into the final project. Upon successful completion of contract negotiations, a Design/Build Agreement will be provided to the selected team.

All questions must be received at the office of DFCM no later than the date and time listed on the Project Schedule. Questions must be submitted in writing to Dave McKay at DFCM (dmckay@utah.gov).

3. Time

One of the selection criteria will be proposed contract time. The Design/Build Team will include in the management plan the schedule for completing the work including any items required by DFCM or the agency. A completion date prior to July 1, 2008 is requested but not mandatory.

It is anticipated that a contract will be given to the contractor for signature within 30 days of the selection announcement. This time will be used to negotiate the final contract and must be allowed for in the team's proposed schedule. The actual notice to proceed will be based on how quickly the contractor returns the contract and the required bonds. The actual completion date will be based on the contractors proposed schedule and the date the contractor received the contract for signature.

All plans, schedules, and the cost proposals are required to reflect the project design and construction time. Non-compliance with the schedule will not result in automatic disqualification; it will be evaluated by the Selection Committee in determining the final selection.

4. Design Proposal

The following is a list of all items to be submitted by the Design Proposal due date:

- Presentation Boards (one of each required drawing). Each board will be a minimum of 24" x 36". These Presentation Boards may be retained by the respective Design/Build Teams until their use in the selection interviews.
- Required Drawings (6 sets). Each drawing sheet will be sized sufficient to demonstrate the detail of the drawings.
 - Site Drawing, including but not limited to:
 - Plan showing all site development: building footprints and floor elevations, roads, parking, drainage - Scale 1"=50'-0" (minimum).
 - Circulation showing entries, exists, service access, site fire access lane, pedestrian paths, building entries, Scale 1"=50'-0" (minimum).
 - Landscaping, Scale 1"=50'-0" (minimum).
 - Floor Plans for each floor of the building(s), Scale 1/8"=1'-0" (minimum).
 - Elevations, including but not limited to:
 - All four elevations of the building(s), Scale 1/8"=1'-0" (minimum).
 - Unique elevations of other sections of the building(s), Scale 1/8"=1'-0" (minimum).
 - Transverse and longitudinal sections, Scale 1/8"=1'-0" (minimum).
 - Details as required to show design approach, and to demonstrate quality.
 - One perspective view drawing
- Complete outline specifications (6 sets)
- Adequate narrative description of each system (electrical, mechanical, plumbing, structural, security, etc. (6 sets)
- A complete list of exclusions or exceptions from requirements listed in the requirements of the projects.

5. Final Management Plan

The Design/Build Team shall submit seven (7) copies of a Management Plan by the time indicated on the Project Schedule. It should demonstrate how the Design/Build Team is organized, the role of team members, and how the team will work together to achieve the objectives of the project. It should identify decision making authority and point of contact.

The Management Plan should address how the Team will accomplish the objectives of the project, mitigate the project risks that are noted in the RFP as well as others identified by the Team, and address any other selection criteria not addressed elsewhere in the Team's submittals. It should include information on how the construction will be managed and address items such as security and safety controls, staging areas, delivery routes, crane locations, and interfaces required at the site with the using agency or institution. A project schedule should be included indicating how the Team will accomplish the desired completion timeframe.

The Final Management Plan should be concise yet contain sufficient information for evaluation by the Selection Committee.

6. Statements of Qualifications

The design/build team shall provide seven (7) copies of their Statement of Qualifications. The Statement of Qualifications is a short document that addresses the selection criteria. It indicates the experience and qualifications of the Design/Build Team, the construction project manager, the lead designer, and other critical members of the team. It describes what talents their team brings to the project, how their knowledge of the subject will provide benefit to the process, how the team has been successful in the past and how that relates to this project. It should include information on similar projects that have been completed by the Design/Build Team, construction project manager, lead designer, and other team members. Include the experience and special qualifications that are applicable to this project and/or are part of the project specific selection criteria.

7. Cost Proposal

Cost Proposals are required to be within the stated design/build budget of \$39,500,000. Before submitting a proposal, each Design/Build team shall carefully examine the RFP, visit the site of the Work, fully inform themselves as to all existing conditions and limitations, and shall include in the Cost Proposal the cost of all items required by the RFP. The Team is responsible for complying with all applicable laws, building codes, rules and regulations.

The Cost Proposal, bearing original signatures, must be typed or handwritten in ink on the cost proposal form provided in the RFP and submitted in a sealed envelope at the location specified below prior to the deadline for submission of cost proposals indicated on the Project Schedule.

Bid bond security, in the amount of five percent (5%) of the proposal amount, made payable to the Division of Facilities Construction and Management, shall accompany the Cost Proposal. THE BID BOND MUST BE ON THE BID BOND FORM PROVIDED IN THE PROCUREMENT DOCUMENTS IN ORDER TO BE CONSIDERED AN ACCEPTABLE PROPOSAL.

If the bid bond security is submitted on a bid bond form other than DFCM's required bid bond form, and the bid security meets all other legal requirements, the contractor will be allowed to provide an acceptable bid bond by the close of business on the next business day following notification by DFCM of submission of a defective bid bond security. NOTE: A cashier's check cannot be used as a substitute for a bid bond.

Cost Proposals will be accepted at the office of DFCM, 4110 State Office Building, Salt Lake City, UT 84114. Late proposals will be disqualified and returned to the proposer unopened. It is your responsibility to allow for the time needed to park on Capitol Hill as recent construction activity has made the parking more difficult. Identification is required to enter the building. One copy of the cost proposal is required.

8. Cost and Scope Adjustment Proposals

Design/Build Teams may submit Cost and Scope Adjustment Proposals with the Management Plan. Sufficient description of the adjustment as well as the impact on the Cost Proposal must be provided to allow for evaluation by the Selection Committee of the impact on scope, functionality, durability, long term cost efficiency and initial cost. The amount shown on the base Cost Proposal should not include the impact of the Cost and Scope Adjustment Proposals. The Cost and Scope Adjustment Proposals will be evaluated by DFCM and the user to determine if they are potentially acceptable. Prior to the interviews, each contractor will be notified as to which of their Cost or Scope Adjustment Proposals are determined to be potentially acceptable and which ones will not be considered in the selection process. Only those Cost and Scope Adjustment Proposals that are determined to be potentially acceptable may be presented in the interview. Design/Build Teams may not submit additional Cost and Scope Adjustment Proposals after the deadline. Any new Cost and Scope Adjustment Proposal that is raised in the interview process that was not submitted prior to the deadline will not be considered in the selection process. The Cost and Scope Adjustment Proposals that are accepted will be included in the original contract.

9. Interviews

Interviews will be conducted with each of the finalist Design/Build Teams in which they may present their proposed design, Management Plan, Cost and Scope Adjustment Proposals, and schedule. The interview will also provide an opportunity for the Selection Committee to seek clarification of the Design/Build Team's proposal. Selection Committee Members are: Steve Bankhead, Jim Michaelis, Doug Christensen, Steve Ehninger, and Matthias Mueller.

The proposed primary project management personnel, including the project manager and architect, should be in attendance. The project manager is the Design/Build Team's representative who will have full responsibility for the design and construction of the project. The project manager has overall job authority, will be in attendance at all job meetings, and is authorized by the contractor to sign any and all change orders in the field, if necessary. Unless otherwise noted, attendance of subconsultants and subcontractors is at the discretion of the Design/Build Team.

The method of presentation is at the discretion of the Design/Build Team. The interviews will be held on the date and at the place specified in the Project Schedule.

10. Selection Criteria

The following criteria will be used in scoring each of the Design/Build Teams. The team that scores the highest will represent the best value for the state. The criteria are not listed in any priority order. The Selection Committee will consider all criteria in performing a comprehensive evaluation of the proposal. Weights have been assigned to each criteria in the form of points.

- A. Design Proposal. **45 POINTS**. The Design/Build Teams design as presented in the drawings and specifications and as clarified in the interviews will be evaluated as to how well it meets the objectives of the project.
- B. Schedule. **10 POINTS**. The schedule will be evaluated as to how well it meets the objectives of the project. Unless other objectives are stated, the shorter the design and construction duration that is evaluated to be feasible while maintaining safety and quality in conformance with the RFP is preferred. The team shall discuss during the interview the project schedule identifying major work items with start and stop dates that are realistic and critical subconsultants and subcontractors and if they have reviewed and agree to the schedule. The overall completion date shown on the schedule will be used in the contract as the contract completion date.
- C. DFCM Past Performance Rating. **5 POINTS**. The lead construction firm and design firm for each Design/Build Team will be given a past performance rating. The rating will be based first on how well the team members did on past projects with DFCM. If a minimum of three DFCM past performance ratings are not available, a rating will be established using any DFCM past performance ratings that are available, supplemented by references supplied by the Design/Build Teams at the time the Statement of Qualifications and Organization is submitted.
- D. Strength of Team. **10 POINTS**. Based on the Statements of Qualifications, Final Management Plan, and the interview, the Selection Committee shall evaluate the expertise and experience of the team and the project lead as it relates to this project in size, complexity, quality, duration, etc. Consideration will also be given to the strength brought to the team by critical consultants/subcontractors including how they were or will be selected and the success the team has had in the past in similar projects. The Selection Committee will also evaluate how the members of the Design/Build Team will work together to achieve project objectives. This will include any experience the team members have in working together.
- E. Project Management Approach. **20 POINTS**. Based on the information provided in the Final Management Plan and information presented in the interview, the selection team will evaluate how each team plans to design and construct the project in the location and time frames presented. The Selection Committee will also evaluate the degree to which risks to the success of the project have been identified and a reasonable solution has been presented. This will include how the Team proposes to keep the site safe and minimize disruption while moving material and people into and out of the site.
- F. Cost. **10 POINTS**. The team's proposal will be considered with all other criteria to determine the ranking of the firm. This may include consideration of any cost and scope adjustment proposals.

TOTAL POSSIBLE POINTS: 100 POINTS.

Approved As To Form: May 25, 2005
By Alan S. Bachman, Asst Attorney General

**Division of Facilities Construction and Management****DFCM****INSTRUCTIONS AND SUBCONTRACTORS LIST FORM (VBS)**

All proposers that desire to be considered are required to submit a list of **ALL** first-tier subcontractors, including the subcontractor's name, bid amount and other information required by these Contract Documents, on the following basis:

PROJECTS UNDER \$500,000 - ALL SUBS \$20,000 OR OVER MUST BE LISTED
PROJECTS \$500,000 OR MORE - ALL SUBS \$35,000 OR OVER MUST BE LISTED

- The DFCM Director may not consider any proposal submitted by a proposer if the proposer fails to submit a subcontractor list meeting the requirements of State law.
- List subcontractors for base bid as well as the impact on the list that the selection of any alternate may have.
- Proposer may not list more than one subcontractor to perform the same work.
- Proposer must list "Self" if performing work itself.

LICENSURE:

The subcontractor's name, the type of work, the subcontractor's bid amount, and the subcontractor's license number as issued by DOPL, if such license is required under Utah Law, shall be listed. Proposer shall certify that all subcontractors, required to be licensed, are licensed as required by State law. A subcontractor includes a trade contractor or specialty contractor and does not include suppliers who provide only materials, equipment, or supplies to a contractor or subcontractor.

PROPOSER LISTING 'SELF' AS PERFORMING THE WORK:

Any proposer that is properly licensed for the particular work and intends to perform that work itself in lieu of a subcontractor that would otherwise be required to be on the subcontractor list, must insert the term 'Self' for that category on the subcontractor list form. Any listing of 'Self' on the sublist form shall also include the amount allocated for that work.

'SPECIAL EXCEPTION':

A proposer may list 'Special Exception' in place of a subcontractor when the proposer intends to obtain a subcontractor to perform the work at a later date because the proposer was unable to obtain a qualified or reasonable proposal under the provisions of U.C.A. Section 63A-5-208(4). The proposer shall insert the term 'Special Exception' for that category of work, and shall provide documentation with the subcontractor list describing the proposer's efforts to obtain a bid of a qualified subcontractor at a reasonable cost and why the proposer was unable to obtain a qualified subcontractor bid. The Director must find that the proposer complied in good faith with State law requirements for any 'Special Exception' designation, in order for the proposal to be considered. If awarded the contract, the Director shall supervise the proposer's efforts to obtain a qualified subcontractor bid. The amount of the awarded contract may not be adjusted to reflect the actual amount of the subcontractor's bid. Any listing of 'Special Exception' on the sublist form shall also include amount allocated for that work.

INSTRUCTIONS AND SUBCONTRACTORS LIST FORM
Page No. 2

GROUND FOR DISQUALIFICATION:

The Director may not consider any proposal submitted by a proposer if the proposer fails to submit a subcontractor list meeting the requirements of State law. Owner may withhold awarding the contract to a particular proposer if one or more of the proposed subcontractors are considered by the Owner to be unqualified to do the Work or for such other reason in the best interest of the State of Utah.

Notwithstanding any other provision in these instructions, if there is a good faith error on the sublist form, at the sole discretion of Owner, the Owner may provide notice to the proposer and the proposer shall have 24 hours to submit the correction to the Owner. If such correction is submitted timely, then the sublist requirements shall be considered met.

CHANGES OF SUBCONTRACTORS SPECIFICALLY IDENTIFIED ON SUBLIST FORM:

Subsequent to submission of the subcontractors list, the contractor may change its listed subcontractors only after receiving written permission from the Director based on complying with all of the following criteria.

- (1) The contractor has established in writing that the change is in the best interest of the State and that the contractor establishes an appropriate reason for the change, which may include, but not is not limited to, the following reasons: the original subcontractor has failed to perform, or is not qualified or capable of performing, and/or the subcontractor has requested in writing to be released.
- (2) The circumstances related to the request for the change do not indicate any bad faith in the original listing of the subcontractors.
- (3) Any requirement set forth by the Director to ensure that the process used to select a new subcontractor does not give rise to bid shopping.
- (4) Any increase in the cost of the subject subcontractor work is borne by the contractor.
- (5) Any decrease in the cost of the subject subcontractor work shall result in a deductive change order being issued for the contract for such decreased amount.
- (6) The Director will give substantial weight to whether the subcontractor has consented in writing to being removed unless the contractor establishes that the subcontractor is not qualified for the work.

The 100% performance and payment bonds may exclude the amount attributable to design services as agreed to by DFCM. The performance and payment bonds must be in effect and provided to DFCM on the standard DFCM forms prior to the issuance of a notice to proceed for the actual construction work.

7.4 DESIGN INSURANCE. In addition to the insurance required above, the following insurance for the design services under this Agreement shall be provided:

7.4.1 DESIGN/BUILD TEAM Designer's Professional Liability Insurance. The DESIGN/ BUILD TEAM shall maintain a professional liability insurance policy on a claims made basis, annual aggregate policy limit based on the following chart, unless modified in an attachment to this Agreement.

Construction Budget	Minimum Liability Coverage
\$50,000,000 and above	\$2,000,000 per claim, \$4,000,000 aggregate
\$25,000,000 and above, but under \$50,000,000	\$2,000,000 per claim, \$2,000,000 aggregate
\$1,500,000 and above but under \$25,000,000	\$1,000,000 per claim, \$1,000,000 aggregate
Under \$1,500,000	\$ 500,000 per claim, \$ 500,000 aggregate

7.4.2 Valuable papers and Records Coverage and/or Electronic Data Processing (Data and Media) Coverage. The DESIGN/BUILD TEAM and all engineering consultants of the DESIGN/BUILD TEAM shall provide coverage for the physical loss of or destruction to their work product including drawings, specifications and electronic data and media.

7.5 ADDITIONAL COVERAGE. The DFCM reserves the right to require additional coverage from that stated hereinabove, at the DFCM's expense for the additional coverage portion only. DFCM also reserves the right to require project specific insurance, and if such right has been exercised it shall be indicated as an exhibit to this DESIGN/BUILD TEAM's Agreement. Unless project specific insurance is required by the DFCM, the coverage may be written under a practice policy with limits applicable to all projects undertaken by the firm but must be maintained in force for the discovery of claims for a period of three (3) years after the date final payment is made to the DESIGN/BUILD TEAM under this DESIGN/ BUILD TEAM's Agreement. All policies provided by the DESIGN/BUILD TEAM must contain a "retroactive" or "prior-acts" date which precedes the earlier of, the date of the DESIGN/BUILD TEAM's Agreement or the commencement of the DESIGN/BUILD TEAM's services. The DESIGN/BUILD TEAM's policy must also include a contractual liability endorsement applicable to the indemnity provision contained under this Article of this DESIGN/ BUILD TEAM's Agreement. Any review and approval by the DFCM does not relieve the DESIGN/BUILD TEAM of any responsibility of liability for an error, omission, submittal or work.

7.6 FURNISH EVIDENCE OF INSURANCE, CERTIFICATES, ADDITIONAL INSURED. The DESIGN/BUILD TEAM shall submit certificates in form and substance satisfactory to the DFCM as evidence of the insurance requirements of this Article. Such certificates shall provide the DFCM with thirty (30) days notice prior to the cancellation, material change or non-renewal of the applicable coverage, as evidenced by return receipt, certified mail, sent to DFCM. The DESIGN/BUILD TEAM shall notify DFCM within thirty (30) days of any claim(s) against the DESIGN/BUILD TEAM which singly or in the aggregate exceed 20% of the applicable required insured limits, and the DFCM may require the DESIGN/BUILD TEAM to reinstate the policy to provide full protection at the original limits.

The State of Utah shall be named as an insured party, as primary coverage and not contributing, on all the insurance policies required by this Article except the professional liability and workers' compensation policies. The DFCM reserves the right to request the DESIGN/BUILD TEAM to provide a loss report from their insurance carrier.

7.7 DFCM RECOURSE. The DESIGN/BUILD TEAM agrees to maintain the insurance described in this Article during the required term. If the DESIGN/BUILD TEAM fails to furnish and maintain said required insurance, the DFCM may purchase such insurance on behalf of the DESIGN/BUILD TEAM, and the DESIGN/BUILD TEAM shall pay the cost thereof to the DFCM upon demand and shall furnish to the DFCM any information needed to obtain such insurance.

7.8 INDEMNIFICATION.

7.8.1 **In General.** To the fullest extent permitted by law, the DESIGN/BUILD TEAM shall indemnify and hold harmless the State of Utah, its institutions, agencies, departments, divisions, authorities, and instrumentalities, boards, commissions, elected or appointed officers, employees, agents, authorized volunteers (hereinafter the above listing of entities and persons is referred to as "indemnities") from and against every kind and character of claims, damages, losses and expenses, including but not limited to attorneys' fees,

arising out of or resulting from any act or omission in the performance of the Work under this DESIGN/ BUILD TEAM's Agreement including the work of anyone directly or indirectly employed by the DESIGN/ BUILD TEAM, the DESIGN/BUILD TEAM's agent, consultant or independent contractor, or anyone for whose acts any of them may be liable, provided that any such claim, damage, loss or expense is caused in whole or in part by the negligent or intentional act or omission of the DESIGN/BUILD TEAM, anyone directly or indirectly employed by the DESIGN/BUILD TEAM, the agent, consultant or independent contractor of any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a part indemnified hereunder. The DESIGN/ BUILD TEAM shall defend all actions brought upon such matters to be indemnified hereunder and pay all costs and expenses incidental thereto, but the State of Utah shall have the right, at its option, to participate in the defense of any such action without relieving the DESIGN/BUILD TEAM of any obligation hereunder.

7.8.2 Not Reduce Current Rights. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person under this DESIGN/BUILD TEAM's Agreement.

7.8.3 Not Bound By Damage Limitations Under Certain Acts. In claims against any person or entity indemnified under this Paragraph 7.8 by an employee of the DESIGN/BUILD TEAM, anyone directly or indirectly employed by the DESIGN/BUILD TEAM, the agent, consultant or independent contractor of any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this Paragraph 7.8 shall not be limited by a limitation on the amount or type of damages, compensation or benefits payable by or for the DESIGN/BUILD TEAM or said employee, agent, consultant, independent contractor or anyone for whose acts any of them may be liable, under workers' or workmen's compensation acts, disability benefits acts or other employee benefit acts.
